# Welcome

This is a workshop on open data.

If you like the workshop and want to keep it forever, make it yours. You can

1. fork the github repo this Quarto book is based on
2. go to settings of you new repo and go to “pages”. Then set ... to “gh-pages”
3. set the description of your repo to ...
4. open your new webpage by clicking on ...

# 1 Introduction

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.
